

# Lee Kyou-Hong

李奎洪

Lee Kyou-Hong (b. 1972) was born in Korea and completed his B.F.A. at Kookmin University in Seoul, Korea, and earned his Master's degree from Edinburgh College of Art in the UK. Lee is one of the leading glass artists in Korea who creates works that explore the materiality and phenomenological metamorphosis of glass to examine the concept of '정중동' '靜中動' (movements in stillness). Lee's experimentation with glass as a medium began during his time as an M.A. student at Edinburgh College of Art in the UK. His early works mostly dealt with the idea of life and time – his own experiences in time and the stories held within different things, people, and spaces. Lee then went on to hone his craft as an architectural glass specialist for over ten years, creating decorative interior installations and objects. From here Lee progressed his practice into a more expressive realm utilizing his fine art practice as a means to pursue a self-reflective reconnaissance. Lee has received awards including a short-listed The Coburg Prize for Contemporary Glass in Germany and the CERAMIX Glass Art Awards Special Jury award in Korea. He also created large-scale, site-specific commissions including those at Haeinsa Temple, Jinbu Railway Station, St. Clara Abbey, Korea University Hospital, Shinsa-dong Catholic Church in Korea. His work is exhibited and collected internationally including the permanent collections of the Kunstsammlungen der Veste Museum in Coburg, and Alexander Tutsek-Stiftung Museum in Munich, Germany.

李奎烘於 1972 年在南韓出生，在韓國國民大學完成藝術學士，並在愛丁堡藝術學院完成碩士課程。李氏是韓國一眾知名玻璃藝術家之一，他創作的作品顯露出玻璃的物質性和幻變性，從而探討「靜中動」的概念。李奎烘在愛丁堡藝術學院修讀碩士時開始實驗性使用玻璃作為創作媒介，他早期的作品大多以自身經歷詮釋生命和時間的概念。期後十年間他從事建築玻璃工藝師，創作裝飾性室內藝術裝置和物件。從這時候開始李氏的作品變得更具表現力，而藝術亦成為他反省自我的方式。李氏曾獲得無數個獎項，包括入圍德國 Coburg Glass Prize，以及在韓國獲得 CERAMIX Glass Art Awards 的特別評審團獎。李氏亦為不同機構創作大型裝置藝術，包括海印寺、珍富火車站、St. Clara Abbey、南韓嘉泉大吉醫院和不同宗教機構。不同國際平台都展出和收藏李氏的作品，包括德國科堡的 Kunstsammlungen der Veste Museum 中的永久收藏品，以及德國慕尼黑的 Alexander Tutsek-Stiftung Museum。
