

Park Ji-Sook

朴智淑

Park Ji-Sook (b. 1963) was born in Korea and completed her B.F.A. at Hongik University. Park's work displays the energetic and reproductive relationship and connection between human and the life cycle we call nature. Her most acclaimed series is constructed by the fundamental components of art - lines and patterns, to represent the collision of different lives. Through her work Park discusses the undeniable connections of objects and nature: birth and death, a never ending cycle, all showing on the surface of a canvas, from point to point, and then expand to complete an imagery similar to a scenery of the universe. Having 50 solo exhibitions and over 300 group exhibitions, Park's artwork can also be found in several institutional collections such as the National Museum of Modern and Contemporary Art, and Sungkok Art Museum.

朴智淑出生於 1963 年，她的作品展現人與自然的動力和繁殖關係。她最具代表性的作品由線和圖案等藝術基本要素組成，以表現不同人生的碰撞。朴氏的作品探討物件和自然中不可分離的連繫，如生與死和永無止境的循環。她把這些元素全部展現在畫面上，繼而延伸成為一個看似是宇宙的景色。她曾參加 50 個個展和超過 300 個集體展覽。許多藝術機構也收集她的作品，包括韓國國立現代美術館和省谷美術館。
